

North-West University – Mylab Project

Mylab Workshop

Ramasete High School: Chemistry Teachers

23 July 2014

N = 10

Workshop evaluation (post workshop)

Question	yes	no	both
Have you worked with the MYLAB kits before?	1	9	-
Could you follow the instruction?	10	-	-
Was it easy to handle the apparatus?	10	-	-
Did the workshop live up to your expectations?	10	-	-
What went wrong?	Nothing (5)		
How can we improve the workshops?	By allocating more time (5) Provide meals (1) Needs no improvement (1)		
What are the objectives of this workshop?	To introduce the different apparatus pieces by using short experiments To show teachers how to use the MYLAB kit		
How was the work done in the workshop relevant to your teaching?	It was indeed relevant (7)		
How did the workshop activities stimulate your learning?	It motivated us; I learned how to perform experiments (3) Very much (3) Handling the apparatus made it exciting (1) Correlates the teaching and practicals (1) Made everything interesting and great (1)		
Did the activities in this workshop give you sufficient practice and feedback?	Yes (9) Enough (1)		
Was the workshop tempo too fast or too slow?	Just right (5) Too fast (2) Moderate (1) Too slow (1)		
Evaluate the organization of the workshop.	Excellent (5) Good (3) More teachers should be invited (1) Very informative (1)		
Evaluate the presenters of the workshop.	Very good and helpful (4) Excellent; superb (3) They are friendly (1) Good (1) They presented perfectly (1)		

Evaluate the apparatus of the workshop.	<p>Good (4)</p> <p>Excellent; superb (3)</p> <p>Relevant (1)</p> <p>Very useful (1)</p> <p>Affordable (1)</p>
Evaluate the atmosphere of the workshop.	<p>Good (3)</p> <p>Excellent (2)</p> <p>Conducive (1)</p> <p>Organised (1)</p> <p>Interesting (1)</p>
Evaluate the experiments done during the workshop	<p>Fine (2)</p> <p>Informative (2)</p> <p>Very good (2)</p> <p>Relevant and easy (1)</p> <p>Clear (1)</p> <p>Excellent (1)</p> <p>Reminded me of my varsity life; really helpful (1)</p>
We would like to hear your remarks:	
The experiments were fine; we learned a lot from this workshop.	
Good work.	
The workshop was well planned and well presented.	
I enjoyed this workshop because it reminded me of some of the work I did in the tertiary institution and it will improve my teaching.	
The micro science kit should be provided to all schools (1 kit for 2 learners). This would make the teaching of science very effective.	
Exceeded my expectations, but only if we could also get the equipment for our school.	
It was motivating and developing.	
Arrange for more time and provide us with the kits for most of our rural based schools. Keep bringing us great presenters who are helpful. Provide or organise catering if possible so we can stay for long.
